Is this the right trip for you?

- This itinerary features some long travel days which can be even longer due to the bumpy African roads.
- Botswana temperatures rise in the summer months, (September – November) before the rain comes, to 34 - 38° C.
- Not all facilities have air-conditioning which is quite common in this part of Africa, due to inaccessible roads and lack of expertise what maintenance is concerned. As well as the fact that a lot of facilities run on generators.
- What you see on your trip may not be the same as seen by other or in pictures, due to it being a seasonal destination and migratory patterns of animals are not interrupted by fencing.
- As the early bird catches the worm, there might be a few early morning starts to make sure of best safari times or to miss morning traffic on long travel days.
- This trip is mainly lodging in 2-4 star facilities that complement the setting and location we are in. All of the chosen facilities were visited and inspected beforehand to make sure it is up to our standard.
- This trip is operated in a 22 seater 4x4 bus. We endeavour not to take more than 20 people at a time. Single accommodation is therefore limited.

Itinerary:

Southern-Africa is becoming increasingly popular. But they do have a low impact tourism policy, meaning that they are focused on high quality service, at a high price to keep the influx of tourists and therefore the impact on the environment as low as possible. This also aids in keeping the destination exclusive. It is becoming increasingly difficult for us to allocate and confirm a big group at our usual suppliers. We may make use of alternative facilities in this case. But rest assured that they too were picked out by hand and inspected to make sure it is up to our standards and no included activity will be affected. This may however affect distance and driving time listed below the day to day itinerary.

Day 1: Pretoria – Orapa

Our adventure begins around 05:00 from our various pick-up points as listed on page 8 of this document in Pretoria. We would like to make an early departure to miss any traffic out of the city area. OPTIONAL ACTIVITIES:

The list of optional activities is to use as reference. When you are on the tour this booking will be made for you by the tour guide. This is for your own account and not included in your tour package. It is given in the program to help you better budget for your tour and your own personal experience. Where activities are considered medium or high risk, we work with operators whose safety and experience we have assessed. You might find a specific activity cheaper elsewhere, but we can't vouch for their safety or quality. The same applies for activities not listed. These prices are subject to change without prior notice.

Important to note:

- Single supplement is available in a very limited number due to the amount of rooms available. Please contact the office via email (marn@namakwatoere.com) or phone (+27 272 191 633) to confirm if we have space available before a single booking is made.
- Single bookings can always be changed to a double/twin booking if you decide to bring a friend/partner along. A full refund will be made for the difference between sharing and single en case full payment has been received. No administrative fees will be charged.
- When booking a flight from our end destination, please consult the office via email or phone to make sure that you don't book a flight (or other transport arrangements) too early.
- The office will be able to assist in making bookings for flights and shuttles. Please note that we don't receive any flights at discounted rates. This is just an extra service we offer to make booking your holiday easier. No administrative fee will be charged to this service.

Road conditions and infrastructure in Botswana:

Roads in Botswana and throughout Africa are often in poor condition, which makes it hard on our vehicles. We take great pride in our bus and ensure it is serviced regularly and is in a good condition, but breakdowns do happen. Some of the roads we travel are long, full of dust and not exactly smooth sailing. This means that the travel time indicated is just a rough guide and dependant on various factors that are not always in our control. We know that it can be tough, but the destinations at the end of the day are extraordinary!

Medical & health information:

Travellers, old and young are required to be in good health in order to participate fully on this trip. We expect all of travellers to read carefully through the program and assess you on the stress of activities mentioned in the day to day program. If in the opinion of our tour guide or leader, any traveller is unable to participate in activities or on the rest of the tour; they reserve the right to exclude them from the activity or tour at any stage, without refund. The appropriate documentation will be provided for travel insurance.

We insist that when over the age of 65 you consult a doctor for an opinion on your travel to a particular country and /or location. All clients should consult their doctor or medical professional on information regarding vaccinations and anti-malaria medication requirements before departure. We recommend that you carry your own small first aid kit containing personal required medication and an extra pair of reading glasses. Rehydration salt, motion sickness tablets and diarrhoea blockers are also advisable to have on hand.

YELLOW FEVER

An international certificate for vaccination against yellow fever is required by many countries, either at the airport of border crossing. If you do not have a valid certificate you may be refused entry into the country. Please make sure to consult your doctor for up to date information and vaccinations against yellow fever. There is no option of vaccination for travellers without a yellow fever vaccination certificate issued at least 15 days before arrival.

DRINKING WATER

As a rule we consider all tap water to be not suitable for human consumption, as it may contain different levels of minerals of bacteria than the water your stomach is used to at home. Your body may not be used to this and it can cause illness. It will upset your stomach and it will spoil the rest of your trip. Many of the accommodation facilities we use provide guests with safe drinking water and bottled water is readily available throughout the trip.

What happens when Namaqua Tours cancel a tour?

- The tour will only take place for a minimum of 10 people.
- Namaqua Tours undertake not to cancel any tour as far as possible. If it should ever happen that we must cancel a tour, we shall refund your money within 24 hours plus 10% interest per year.

How do I book a tour at Namaqua Tours?

- When you have decided to book one of our tours, complete the application form on the last page of this document. Then e-mail or fax it to our office. You can also do a booking over the phone for fast and certain bookings. Feel free to contact us on +27 272 191 633 for a telephonic booking. We shall then do the rest (hotel and flight bookings if indicated as such by you). You will receive a tour reference number and the bank particulars of Namaqua Tours. **This reference number must appear on your deposit slip.** This tour reference number must also be indicated on all correspondence with regard to the tour that you booked.
- We DO NOT supply bank particulars without a booking form. The only reason for this is that tour members deposited money in the past without a tour reference number and that they did not do a booking per fax or e-mail. It has happened that prospective tour members deposited money, but that that specific tour was already fully booked.

Kind regards

Namaqua Tours Team
