Is this the right trip for you?

- This itinerary features some long travel days which can be even longer due to the bumpy African roads.
- Namibia temperatures rise in the summer months, (September – November) before the rain comes, to 34 - 38° C.
- What you see on your trip may not be the same as seen by other or in pictures, due to it being a seasonal destination and migratory patterns of animals are not interrupted by fencing.
- As the early bird catches the worm, there might be a few early morning starts to make sure of best safari times or to miss morning traffic on long travel days.
- This trip is mainly lodging in 2-4 star facilities that complement the setting and location we are in. All of the chosen facilities were visited and inspected beforehand to make sure it is up to our standard.
- This trip is operated in a 22 seated luxury 4x4 bus. We endeavour not to take more than 20 people at a time. Single accommodation is therefore limited.
- In the case where we have less than 11 bookings the tour will be done with a 14 seater Toyota Quantum.

Road conditions and infrastructure in Namibia:

Roads in Namibia and throughout Africa are often in poor condition, which makes it hard on our vehicles. We take great pride in our bus and ensure it is serviced regularly and is in a good condition, but breakdowns do happen. Some of the roads we travel on are long, full of dust and not exactly smooth sailing. This means that the travel time indicated is just a rough guide and dependant on various factors that are not always in our control. We know that it can be tough, but the destinations at the end of the day are extra-ordinary!

Medical & health information:

Travellers, old and young are required to be in good health in order to participate fully on this trip. We expect all travellers to read carefully through the program and asses yourself on the stress of activities mentioned in the day to day program. If in the opinion of our tour guide or leader, any traveller is unable to participate in activities or on the rest of the tour; they reserve the right to exclude them from the activity or tour at any stage, without refund. The appropriate documentation will be provided for travel insurance.

We insist that when over the age of 65 you consult a doctor for an opinion on your travel to a particular country and or location. All clients should consult their doctor or medical professional on information regarding vaccinations and anti-malaria medication requirements before departure. We recommend that you carry your own small first aid kit containing personal required medication and an extra pair of reading glasses. Rehydration salt, motion sickness tablets and diarrhoea blockers are also advisable to have on hand.

DRINKING WATER

As a rule we consider all tap water to be not suitable for human consumption, as it may contain different levels of minerals or bacteria than the water your stomach is use to at home. Your body may not be used to this and it can cause illness. It will upset your stomach and it will spoil the rest of your trip. Many of the accommodation facilities we use provide guests with safe drinking water and bottled water is readily available throughout the trip.

After each tour, the photos of that tour will be uploaded to Facebook. This is just another free service that Namaqua Tours offers.

What happens when Namaqua Tours cancel a tour?

- The tour will only take place for a minimum of 6 people.
- Namaqua Tours undertake not to cancel any tour as far as possible. If it should ever happen that we must cancel a tour, we shall refund your money within 24 hours plus 10% interest per year.

How do I book a tour at Namaqua Tours?

- When you have decided to book one of our tours, complete the application form. Then e-mail or fax it to our office at info@namakwatoere.com. You can also do a booking online on our website. We shall then do the rest (hotel and flight bookings if indicated as such by you). You will receive a tour reference number and the bank particulars of Namaqua Tours. **This reference number must appear on your deposit slip.** This tour reference number must also be indicated on all correspondence with regard to the tour that you booked.
- We DO NOT supply bank particulars without a booking form. The only reason for this is that tour members deposited money in the past without a tour reference number and that they did not do a booking per fax or e-mail. It has happened that prospective tour members deposited money, but that that specific tour was already fully booked.
